

★ VIRGINIA ★  
DEPARTMENT *of* ELECTIONS

**ELECT Technical Advisory**

**DATE:** January 22, 2025

**SUBJECT:** 2025 NVRA Voter Cancellation

**WHY THIS IS NEEDED:** The cancellation of inactive voters is part of a list maintenance process mandated by the National Voter Registration Act (NVRA). Under 52 USC § 20507(d)(2)(A) and the Code of Virginia § 24.2-428.2, ELECT is required to cancel inactive voters who have remained inactive for two federal general elections.

This process does not have a strict due date, but it has traditionally been performed early in the calendar year following the federal election. This year, the Department of Elections (ELECT) is planning to execute the process between Monday, January 27, 2025 and Thursday, January 30, 2025. This process will cancel the registration of voters who were placed in “inactive” status on or before August 10, 2022, did not respond to multiple notices, and have not voted in any election or updated their voter registration between August 10, 2022 and today.

## § 24.2-428.2. Return of registered voter to active status

A registered voter shall be returned to active status from inactive status if, during the period beginning on the date the voter was assigned to inactive status and ending on the day of the second general election for federal office thereafter, the voter:

1. Notifies the general registrar of a change of address within the county or city;
2. Responds to a confirmation notice with information that the voter continues to reside at the registration address;
3. Votes or attempts to vote in a primary or a special or general election and, if necessary, corrects the registration record; or
4. Transfers his registration to another county or city within the Commonwealth, pursuant to § 24.2-424 or subsection E of § 24.2-428.

If the registered voter fails to take such action on or before the day of the second general election for federal office after the voter was placed on inactive status, the general registrar shall cancel the person's voter registration.

The general registrar shall post at the courthouse or have published in a newspaper of general circulation in his county or city a list of names of persons whose registration has been cancelled pursuant to this section. He shall deliver or mail, obtaining a certificate of mailing, a certified copy of the list to the chairman of each political party in his county or city.

1996, cc. 72, 73.

The chapters of the acts of assembly referenced in the historical citation at the end of this section(s) may not constitute a comprehensive list of such chapters and may exclude chapters whose provisions have expired.
